LES BUGUENVILLES

SPRING / SUMMER 2027

«LES BUGUENVÍL·LIES»

SUMMER 2027 COLLECTION

Inspired by summers spent among lush gardens and historic Mediterranean homes, «Les Buguenvíl·lies» revisits the spirit of those summer residences that, across generations, brought together influences from the Caribbean, the Americas and distant lands with the light and sensibility of the Mediterranean.

Flowers in multiple scales, landscapes transformed into texture, stripes, checks and artisanal jacquards come together in a collection rich in colour, contrast and character. A dialogue between nature, craftsmanship and a travelling spirit that shapes a feminine, free and contemporary wardrobe.

«Les Buguenvíl·lies» is nature in bloom, reinterpreted.

A woman with dark curly hair is standing on a set of stone steps. She is wearing a sleeveless jumpsuit with a vibrant red, orange, and purple geometric pattern. She is also wearing a long necklace and holding a small woven basket. The background is a wall completely covered in lush green ivy. To the left, there is a stone balustrade and a large stone planter with yellow flowers. To the right, there are dark wooden shutters and a window. The overall scene is bright and natural.
